Fusing cutting-edge interiors with high-end materials and innovative technology, this contemporary masterpiece sets a new benchmark for excellence from its prized beachfront address. It is practical, yet striking, with intelligent design elements composing a low-maintenance lifestyle space of fluid zones where soaring glass panels take indoor/outdoor living to a whole new level.

Dedicated leisure zones incorporate a home theatre, an open rumpus room with ocean views, a putting green, a heated pool, one of Salt beachfront's largest backyards and easy access to the ocean way and beach.

Interiors impress with infinite Italian porcelain floor tiles, a stunning 6.5m high wall of imported Indian stone, and generous accommodation across two levels including five bedrooms and three luxury bathrooms.

Eco-sensitive initiatives include a 10,000L underground water tank, a 3.8 kW full solar system, an ethanol fireplace and open drying racks within the laundry.
