This is the home that dreams are made of! Built seven years ago, it has been a favourite for many locals who love the charm and amazing street presence! It could grace the cover of any home magazine. Yes, it is an emotional home but it is also a home set on a considerably sized block of land - 975m², double the size of most blocks. It faces north for beautiful light and those summer breezes and is oh-so-private in all the right places.

Architecturally designed and planned out to accommodate a family of four, this home seems to wrap itself around the central entertaining area with pool - and cabana of course. Many lazy afternoons have been spent here relaxing and enjoying friends after a morning at the beach. The location of this home is fabulous with the beach a short stroll away and situated between three wonderful cafes and more. You can leave the car at home!

From the vaulted, white timber beams to the beach style aesthetics, this home will be a true delight to inspect. It is time for the owners to downsize and hand this dream home
