

14 Snapper Avenue Kingscliff NSW

3 3 2

Located on a highly sought after, tightly held street due to the stunning greenbelt to the north of this home and close distance to the beach and Kingscliff creek.

Well built and designed to take full advantage of the sunny, north facing location with welcoming, wide entrance and ceiling void. High ceilings throughout and tall glass sliders lead you to the outdoor area with stunning views to the lush greenbelt beyond. This is what sets this home apart from others in this magnificent region!

The bones of this home are strong and are ready to be 'dressed' to suit your families needs and taste. The very large master upstairs could easily divide into two more sleeping spaces and or a secondary living space - see the floor-plan. The tree view from upstairs is quite spectacular and will appeal to those who have come off acreage or just love that green outlook.

The home was originally set up to have three very separate sleeping quarters with a master designed with its own morning tea/coffee area. This can be rectified and will reward the new owners without over capitalising.
